**TOWN OF MANLIUS
ZONING BOARD OF APPEALS
August 20, 2020
6:30 PM**

The Town of Manlius, Zoning Board of Appeals assembled on ZOOM for a virtual meeting with Chairman K.P. Kelly presiding and the following Board members present:

Member	Jim Campbell
Member	Clare Miller
Member	Judy Salamone
Member	Timothy Kelly
Secretary	Debi Witzel
Attorney	Jamie Sutphen
Codes Director	Randy Capriotti
Town Clerk	Allison Weber

Attendees: Kyle Marshall, Justin Cramer

The Pledge of Allegiance was recited. The meeting was called to order at 6:30 PM.

Minutes

Member T. Kelly made a motion, seconded by Member Campbell, to approve the minutes of July 16, 2020 as submitted by Secretary Witzel.

The Board voted as follows:

Chairman KP Kelly	Aye
Member T. Kelly	Aye
Member Campbell	Aye
Member Miller	Aye
Member Salamone	Abstain

The motion was carried.

Member Campbell made a motion, seconded by Member Salamone, to approve the minutes of July 30, 2020 Special Meeting as submitted by Secretary Witzel.

The Board voted as follows:

Chairman KP Kelly	Aye
Member T. Kelly	Aye
Member Campbell	Aye
Member Miller	Aye
Member Salamone	Aye

The motion was carried.

Legal Notices

Member Salamone made a motion, seconded by Member T. Kelly to waive the reading of the public notices and it was carried unanimously.

Member T. Kelly made a motion, seconded by Member Campbell to open the public hearing at 6:36 PM and it was carried unanimously.

Kyle & Karen Marshall, 8236 Penstock Way, Manlius NY (tax map # 114.-03-20.0) a Public Hearing for an area variance for a 20' X 34' inground pool, with an existing rear yard setback of 25' they will need a variance of 15' to meeting required 40'.

Mrs. Marshall stated she is trying to put a pool in and tried two different shaped pools and they cannot meet the rear yard setback requirement.

Chairman Kelly proceeded with the applicant through the five (5) criteria questions:

- 1) Whether the benefit sought by the Applicant can be achieved by some other feasible method? Mrs. Marshall answered no, property is not deep enough to build the desired inground pool in a location that would not require a variance.
- 2) Whether the Variance will result in an undesirable change in the character of the neighborhood or to nearby properties? Mrs. Marshall answered no.
- 3) Whether the requested Variance is substantial? Mrs. Marshall answered yes
- 4) As to whether the Variance will have an adverse effect on physical or environmental conditions? Mrs. Marshall answered no, the finished grading will remain consistent with current drainage.
- 5) Whether the alleged difficulty was self-created? Mrs. Marshall answered yes, because of the choice of the placement of the pool with a fence.

Board Questions

Member Campbell asked if any neighbors had an issue with the project. Mrs. Marshall answered no, and she did speak to all of them.

Member Miller asked if they would be taking down any trees. Mrs. Marshall answered there is one large pine tree in the neighbor's yard that may cause a problem with the fence but not the pool.

Town Clerk Weber stated there were no questions from the public.

Mr. Hanson a neighbor to the east of the Marshalls stated he had no concerns with the project.

Member Kelly made a motion, seconded by Member Salamone to close the public hearing at 6:43 PM and it was carried unanimously.

Chairman Kelly proceeded with the board through the five (5) criteria questions:

- 1) Whether the benefit sought by the Applicant can be achieved by some other feasible method? The board answered no.

- 2) Whether the Variance will result in an undesirable change in the character of the neighborhood or to nearby properties? The board answered no, as there are four pools in the yards behind them
- 3) Whether the requested Variance is substantial? The board answered no, not for this neighborhood.
- 4) As to whether the Variance will have an adverse effect on physical or environmental conditions? The board answered no.
- 5) Whether the alleged difficulty was self-created? The board answered yes because the applicant wants a pool.

Determination of ZBA Based on the Above Factors:

The ZBA, after taking into consideration the above five factors, finds that:

 X The benefit to the application **DOES** outweigh the Detriment to the Neighborhood or Community.

 The benefit to the applicant **DOES NOT** outweigh the Detriment to the Neighborhood or Community and therefore the variance requested is denied.

The ZBA further finds that a variance for a 15' rear yard setback is the minimum variance that should be granted in order to preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

The ZBA further **GRANTS** the variance as requested with the following conditions: None

SEQRA Review

Chairman Kelly determined the proposed project and action contemplated is comprised of a Type II Action pursuant to the New York State Environmental Quality Review Act, and as such no further review was required.

Board Action

Based on the answers provided in the application and before the board, the ZBA determined that the benefit to the applicant outweighed any detriment to the neighborhood.

Member Campbell asked when construction would start on the pool. Mrs. Marshall answered the pool will be installed in the spring.

Member Campbell made a motion, seconded by Member Salamone, to grant a variance to Kyle & Karen Marshall, 8236 Penstock Way, Manlius for the construction of an inground pool modifying the rear yard setback to 25 feet to meet the required 40 feet.

The Board voted as follows:

Chairman KP Kelly	Aye
Member T. Kelly	Aye
Member Campbell	Aye
Member Miller	Aye

Member Salamone

Aye

The motion was carried.

Justin Cramer, 115 Kendall Dr. W., E. Syracuse 13057 (tax map # 065.-01-03.0) a public hearing for an area variance to construct a 14' X 28' inground pool, with an existing side yard setback of 10' they will need a variance of 5' to meet the required 15'.

Mr. Cramer stated the pool is 13' from the water line to the property line and it should be 15'. Mr. Cramer stated the pool ended up in this location because the pool company had to go around a boulder in the yard.

Member T. Kelly made a motion, seconded by Member Campbell to open the public hearing at 6:52 PM and it was carried unanimously.

Chairman Kelly proceeded with the applicant through the five (5) criteria questions:

- 1) Whether the benefit sought by the Applicant can be achieved by some other feasible method? Mr. Cramer answered no.
- 2) Whether the Variance will result in an undesirable change in the character of the neighborhood or to nearby properties? Mr. Cramer answered no.
- 3) Whether the requested Variance is substantial? Mr. Cramer answered no.
- 4) As to whether the Variance will have an adverse effect on physical or environmental conditions? Mr. Cramer answered no.
- 5) Whether the alleged difficulty was self-created? Mr. Cramer answered yes.

Board Questions

Member Salamone asked if the neighbors were okay with the project. Mr. Cramer stated both his neighbor across the street and to the east of him had no problem with the project.

Town Clerk Weber stated there were no questions from the public.

Member Kelly made a motion, seconded by Member Campbell to close the public hearing at 6:57 PM and it was carried unanimously.

Chairman Kelly proceeded with the board through the five (5) criteria questions:

- 1) Whether the benefit sought by the Applicant can be achieved by some other feasible method? The board answered no not with the boulder found in the yard.
- 2) Whether the Variance will result in an undesirable change in the character of the neighborhood or to nearby properties? The board answered no because the pool will not be visible from the street.
- 3) Whether the requested Variance is substantial? The board answered no
- 4) As to whether the Variance will have an adverse effect on physical or environmental conditions? The board answered no.
- 5) Whether the alleged difficulty was self-created? The board answered yes because the applicant wants a pool.

Determination of ZBA Based on the Above Factors:

The ZBA, after taking into consideration the above five factors, finds that:

 X The benefit to the application **DOES** outweigh the Detriment to the Neighborhood or Community.

 The benefit to the applicant **DOES NOT** outweigh the Detriment to the Neighborhood or Community and therefore the variance requested is denied.

The ZBA further finds that a variance for a 5' side yard is the minimum variance that should be granted in order to preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

The ZBA further **GRANTS** the variance as requested with the following conditions: None

SEORA Review

Chairman Kelly determined the proposed project and action contemplated is comprised of a Type II Action pursuant to the New York State Environmental Quality Review Act, and as such no further review was required.

Board Action

Based on the answers provided in the application and before the board, the ZBA determined that the benefit to the applicant outweighed any detriment to the neighborhood.

Member Campbell made a motion, seconded by Member Kelly, to grant Justin Cramer, 115 Kendall Dr. W., E. Syracuse an area variance for the construction of an inground pool modifying the side yard setback to 5 feet to meet the required 15 feet.

The Board voted as follows:

Chairman KP Kelly	Aye
Member T. Kelly	Aye
Member Campbell	Aye
Member Miller	Aye
Member Salamone	Aye

The motion was carried.

Discussion – Neighbor Notifications

Chairman Kelly stated that having the applicant notify their neighbors can at time be awkward. Chairman Kelly stated the thought is to have the Zoning Board Clerk send the neighbor notifications and eliminate the requirement of the applicant having to notify neighbors.

Board Discussion ensued about current policy and the proposed new policy of the notifications.

Member Kelly made a motion, seconded by Member Campbell, to change the policy of the Zoning Board with respect to notification of neighbors so that official notices are mailed by the Town Zoning Board Clerk in advance of the meeting. The applicant does not have to mail any notices and further the applicant would be encouraged to but not required to personally speak to neighbors before the proceeding.

The Board voted as follows:

Chairman KP Kelly	Aye
Member T. Kelly	Aye
Member Campbell	Aye
Member Miller	Aye
Member Salamone	Aye

The motion was carried.

Adjournment

With there being no other business, Member Campbell made a motion, seconded by Member Kelly, and carried unanimously, to end the meeting at 7:12 PM

Respectfully submitted
Debi Witzel, Secretary
Zoning Board of Appeals

TOWN OF MANLIUS - ZONING BOARD OF APPEALS

Building Permit Application - Everything but Single Family Homes and Commercial Projects - Submission #667

Date Submitted: 7/27/2020

Instructions After you submit the building permit application, you have three (3) business days to bring in the following: 1- Two (2) complete sets of plans 2- Building permit fee (which is based on the cost of the project or if it is a new single-family home, based on the square footage. Refer to the fee schedule on our webpage. 3- Survey of the property 4- Workers compensation form or BP-1 waiver form (either form can be e-mailed to lbeeman@townofmanlius.org) Failure to deliver the above paperwork to the Planning and Development Department within the three (3) business day deadline will make your application null and void. All paperwork must be submitted at one time, not separately. The application will not be reviewed until all necessary documents are received.

Application is hereby made for the issuance of a building permit pursuant to the New York State Uniform Fire Prevention and Building Code for work herein described. I hereby agree to comply with all laws, ordinances, regulations and revisions of the municipality in which the permit is requested. **
 I agree

The subject property will be in conformity with all zoning use as outlined in Chapter 155 of the Town of Manlius Municipal Code, except as stated here by the Code Officer: _____

5 Criteria Questions for ZBA Variance

VanValkenburg Application

1. *Whether the benefit sought by the Applicant can be achieved by some other feasible method?*

No. The property is not deep enough to build our desired in-ground pool in a location that would not require a variance.

2. *Whether the Variance will result in an undesirable change in the character of the neighborhood?*

The granting of this variance request will not have a detrimental effect upon the neighborhood. The approval of this variance request, which would be minimally noticeable beyond the perimeter fence, would be consistent with the value our neighbors attach to family recreation and fitness.

3. *Whether the requested variance is substantial?*

This is not substantial. We are asking for a 25' of relief from the back property line setback which has an overall property depth of 179.86'. We are asking for 5' of relief from the side property line which has an overall width of 125.43 (back line).

4. *Whether the variance will have an adverse effect on physical or environmental conditions?*

No. Finished grading will remain consistent with current drainage.

5. *Whether the alleged difficulty was self-created?*

Yes, this is a self-imposed. Our desire for a pool has required us to request the relief we are asking for.

Date: August 20, 2020

1. Property Address: 7372 Spring Mountain Dr. E. Syr. NY 13057

Property Tax Map # 66710

The Applicants Purpose (new construction, alteration, extension, restoration, modification or other action) with respect to the subject property; _____

In-ground Pool

2. Owner of Property: William + Jennifer Reed

Owner's Address: 7372 Spring Mountain Dr. E. Syr. NY 13057

Owner's E-Mail: reedgirlsrock@gmail.com

Owner's Phone #: 315-575-0492 Does Owners reside at property: Yes

Signature of Property Owner: Jennifer Reed

3. Applicant / Representative / Attorney:

Name: Ari Malzman, VP Operations Company: Cannon Pools and Spas

Address: 5210 W. Taft Rd., Syracuse, NY 13212

Phone: 315-458-3150 E-Mail: amalzman@cannonpools.com

4. The Town of Manlius ZBA Board requires that owners of neighboring properties be contacted by the applicant with respect to the proposed variance application. Please see attached instructions and form.

Below this line - For Office Use Only

Application Received by: _____ Date: _____

Payment Receipt #: _____

Date of Denial of Building Permit Application: _____ Current Property Zoning: _____

The subject property will be in conformity with all zoning use as outlined in Chapter 155 of the Town of Manlius Municipal Code, except as stated here by the Code Officer: _____

**TOWN OF MANLIUS
DISCLOSURE AFFIDAVIT**

This affidavit is a part of and must be completed and attached to every application, petition, request submitted for a *site plan, variance, amendment, change of zoning, approval of a plat, exemption from a plat or official map, license or permit.*

STATE OF NEW YORK)
) SS:
COUNTY OF ONONDAGA)

I Deborah Witzel, being duly sworn, deposes and says that (s) he is:
(Notary)

William Reed
(applicant, petitioner, corporation officer, property owner, etc.)

II. That deponent has read and is familiar with the provisions of the General Municipal Law, Section 809 which states:

- A. Every application, petition or request submitted for a site plan, variance, amendment, change of zoning, approval of a plat, exemption from a plat or official map, license or permit, pursuant to the provisions or any ordinance, local law, rule or regulation constituting the zoning and planning regulations of a municipality shall state the name, residence and the nature and extent of the interest of any state officer or any officer or employee of such municipality is a part, in the person, partnership or association making such application, petition or request (hereinafter called the applicant) to the extent known to such applicant.
- B. For the purpose of this action an officer or employee shall be deemed to have an interest in the applicant when (s)he, his/her spouse, or their brothers, sisters, parents, children, grandchildren, or the spouse of any of them:
 - 1) is the applicant, or
 - 2) is an officer, director, partner or employee of the applicant, or
 - 3) legally or beneficially owns or controls stock of a corporate applicant or is a member of a partnership or association applicant, or
 - 4) is a party to an agreement with such an applicant, express or implied, whereby (s) he may receive any payment or other benefit, whether or not for services rendered, or contingent upon the favorable approval of such application, petition or request.
- C. Ownership of less than five percent (5%) of the stock of a corporation whose stock is listed on the New York or American Stock Exchanges shall not constitute an interest for the purposes of this section.
- D. A person who knowingly and intentionally violates this section shall be guilty of a misdemeanor.

III. That no Town of Manlius officer, employee or a relative of either, as defined in Section 809 General Municipal Law has any interest in this application.

-OR-

If a Town of Manlius officer, employee or relative of either as defined in Section 809 General Municipal law has any interest in this application, the full particulars are provided on an attached sheet.

To Whom it May Concern:

We live adjacent (to the west) to Jeremy Eastman and Ramona Persaud's property, and are the only private homeowners that own property directly next to Jeremy and Ramona's. Jeremy and Ramona notified us of their plans to install a pool, and Pat met with Jeremy to discuss in detail any concerns we might have, so Jeremy could factor them in his plans for the pool installation.

We appreciated the chance to have input into their pool installation. Basically, our concerns and desired outcomes- that we related to Jeremy are:

- We and our neighbors on both sides are fortunate to have lawns that spread out and are fairly seamless in how they transition across property lines- we have no real obstructions to a shared greenspace view that stretches out and makes for a real sense of wide-open space by all the homeowners. We'd like to continue with that open view, and would like to not have any fencing installed within that view that would segment and detract from it. We're happy enough with the view from our house into the neighborhood (including adjacent lawns, like Jeremy and Ramona's) that we'd rather not have that view change at all.
- We have two young children who frequently play on our property right next to our border with Jeremy and Ramona's. We'd rather that Jeremy and Ramona not place a pool where it is in close proximity, in direct view, and would constantly provide a temptation to our children. (Our driveway is immediately adjacent to their western property border.)

Jeremy and Ramona took our input into consideration in their pool placement and are installing on the eastern side of their property and up a slope- so it is out of our view, will not require fencing visible from our property, and is well away from our shared property line. Seeing as this will require a zoning variance, we are asking that you approve the variance, as it helps accommodate what we would like to see from their pool installation and help addresses our input and concerns. Thanks for your consideration.

Sincerely,

Pat and Jessica Gorton

Pool Permit Variance Request:

Response to Variance Questions

(please see attached original application for supporting detail, drawings, and photos.)

Applicant: Jeremy Eastman & Ramona Persaud
Address: 310 Salt Springs Street, Fayetteville, NY
Tel: 315-272-5791, 315-272-5792
Town of Manlius Building Permit #: _____

- **Question 1: Whether the benefit sought by the Applicant can be achieved by some other feasible method? NO.**

As per the original application attachment (Page 2 ("Pool Permit Request: Design Objectives/Constraints"), the requested variance is the only means to meet both Applicant's and neighbors' desired benefit.

Other potential locations would be an issue with neighbors. As per the attached letter (Pat and Jessica Gorton), the requested location best meets their needs / desires- both of safety and minimal impact to character of neighborhood.

Visibility to pool / safety concerns. Large catalpa and other large yard trees, and window location on house make for little to no direct lines of sight to the pool, if installed anywhere else but requested location. Visibility to pool is a concern in applicants' household (w/ young children). In addition, putting a pool on the south/westerly side of yard makes it directly and frequently visible to the young children next door, a concern of adjoining neighbor.

Issues with other locations within lawn, including a septic leach field, power-line proximity, and areas with degrees of slope that would make for a complicated install and substantial up-fill.

3-phase powerline w/ multiple transformers going through applicants' rear yard. With requested installation, majority of pool use / perspective / hardscape will be facing away from powerline, making for a much nicer view while in the pool area.

Visibility / proximity to adjacent apartment-complex parking lot and apartment structure. Parking lot for adjacent 50-unit apartment complex (south/southeasterly of applicants' property), is well above grade of the rear half of the applicants' lawn, giving residents/staff enhanced visibility to rear/center of applicants' lawn. Placing pool on southeasterly crest mitigates this issue, and also makes for greater distance from apartment complex structure.

Desire that pool be oriented correctly in alignment with existing structures - So as to maintain an orderly appearance, meet good architecture / landscape-design principles, and is centered properly between fence and house.

Preserving remaining yard for childrens/friends play and sports - Applicant has 5 sons and daughters ranging from 9 to 28 years old, and would like to preserve as much open yard as possible for play area, for current generation and next. Two youngest children are also active in sports (baseball, soccer) and frequently use open yard space for practice / exercise.

Risk of adverse excavation issues - the area immediately north of the powerline ROW is the former location of a barn, which is now filled over with gravel and topsoil; excavation of that area may require removal of an indeterminate amount of concrete / stone, in unknown thickness, from the original outbuilding foundation.

Requested installation makes for maximum distance from existing properties.

- **Question 2: Whether the Variance will result in an undesirable change in the character of the neighborhood? NO.**
 - **Pool installation will use existing fencing put in by prior owner, and pool will not be visible to any neighbors or from street.**
 - **Requested installation makes for maximum distance from existing properties.** Installing pool on the eastern side of yard provides 140 feet of distance to nearest residence (westerly), compared to 40 feet distance if installed in southwest/rear yard. Requested installation puts pool more than 200 feet from easterly neighbor's residence, and more than 130' from property's southerly neighbor's structure (compared to 90' distance if installed in the rear yard)..
 - **Installation location is in direct response to neighbors' wishes for avoid undesirable change in character of the neighborhood (see attached neighbor letter)** - Adjoining and next two residences (west) have un-bordered lawns, making for nice swath of open greenspace viewable from each residence (permit application, page 7). Installing pool on other portions of applicants' lawn will impact neighbors' views of this contiguous stretch of lawns. The only adjoining private-homeowner neighbors are advocating (see attached letter – Pat and Jessica Gorton) the pool be installed out of their property's line of sight, to not affect the existing aesthetics from their yard. Installing in requested variance location meets these requirements for minimal impact.

Pool Permit Variance Request:

Response to Variance Questions

(please see attached original application for supporting detail, drawings, and photos.)

Applicant: Jeremy Eastman & Ramona Persaud Address: 310 Salt Springs Street, Fayetteville, NY Tel: 315-272-5791, 315-272-5792 Town of Manlius Building Permit #: _____

- Question 3: Whether the requested Variance is substantial? **NO.**

The approval of the variance will only be noticeable by the applicants

- Question 4: Whether the Variance will have an adverse effect on physical or environmental conditions? **NO.**

See Question 2 response, above.

- Question 5: Whether the alleged difficulty was self-created: **no.**

- Pre-existing, very large catalpa and a large yard tree to the rear of the deck (page 6 of original application) make for little visibility to the pool if installed directly to the rear of house
- Placement of windows on house, and current fencing is pre-existing
- Neighbor's concerns for placement is not a result of applicant's prior actions
- Septic, power-line and parking lot proximity, placement of former barn foundation, visibility to apartment-complex parking lot are pre-existing, pre-applicant constraints.
- Orientation of house on lot pre-dates applicants purchase
- Alternate areas within the yard, but with slope that would make for a complicated install and substantial up-fill, pre-date current owner.
- (Pool install location is going to replace a 1700 square foot vegetable garden just put in this year— including plowing, tilling, soil dressing, bedding up, installing deer netting and picket fence, etc. So far in 2020, it's produced quite well - three varieties of tomatoes, two varieties of cucumbers, sweet corn, beans, peas, lots of watermelon, with potatoes coming. If there was another viable location that didn't require taking out this new garden, the Applicants would run fast with that option.)

Building Permit Application - Everything but Single Family Homes and Commercial Projects - Submission #717

Date Submitted: 8/26/2020

Instructions After you submit the building permit application, you have three (3) business days to bring in the following: 1- Two (2) complete sets of plans 2- Building permit fee (which is based on the cost of the project or if it is a new single-family home, based on the square footage. Refer to the fee schedule on our webpage. 3- Survey of the property 4- Workers compensation form or BP-1 waiver form (either form can be e-mailed to lbeeman@townofmanlius.org) Failure to deliver the above paperwork to the Planning and Development Department within the three (3) business day deadline will make your application null and void. All paperwork must be submitted at one time, not separately. The application will not be reviewed until all necessary documents are received.

Application is hereby made for the issuance of a building permit pursuant to the New York State Uniform Fire Prevention and Building Code for work herein described. I hereby agree to comply with all laws, ordinances, regulations and revisions of the municipality in which the permit is requested. **

I agree

Use Cases for Town of Manlius Commercial Zones

	Commercial Transitional	Neighborhood Shopping District	Regional Shopping District	Commercial A	Commercial B	Industrial
Purpose and Intent	This zoning classification is intended to permit the development of low-impact professional, retail, personal service and business establishments in convenient proximity to residential neighborhoods while minimizing the impact such uses may have on adjacent residential neighborhoods. Included, but not limited to, Site Plan Review shall address pedestrian access, lot coverage, parking, screening, lighting, noise, ingress/egress, and the overall aesthetics of the proposed development.	This zoning classification is intended to permit the development of small-scale commercial, retail and personal service establishments in proximity to residential neighborhoods while at the same time minimizing the potential impact and disruption that such uses near residential neighborhoods could have. Included, but not limited to, Site Plan Review shall address pedestrian access, hours of operation, lot coverage, parking, screening, lighting, noise, ingress/egress, and the overall aesthetics of the proposed development.	This zoning classification is intended to encourage the efficient conversion of large-scale retail or commercial space into smaller, stand-alone combinations of retail, service and community uses. Any such redevelopment shall include some uniformity and cohesiveness in the appearance of the buildings. Included, but not limited to, Site Plan Review shall address lot coverage, parking, screening, lighting, noise, ingress/egress and the overall aesthetics of the proposed development.	This zoning classification is intended to include the commercial, retail and personal service uses permitted in Regional Shopping and Residential R-3 zones, subject to the same restrictions. Some additional permitted uses are also allowed. Site Plan Review shall include, but not be limited to lot coverage, parking, screening, lighting, noise, ingress/egress and the overall aesthetics of the proposed development.	This zoning classification is intended to include the uses permitted in Commercial A and to add some additional permitted uses. Site Plan Review shall include, but not be limited to, lot coverage, parking, screening, lighting, noise, ingress/egress and the overall aesthetics of the proposed development.	This zoning classification is intended to permit manufacturing and other industrial uses. Uses permitted in other zoning classifications are not permitted in an Industrial Zone without Special Use Permit.
Design Principles	<p>Applicants seeking permits or site plan approval for new construction and/or renovation within the RSDD zone must demonstrate to the satisfaction of the Planning Board that building and site designs:</p> <p>(a) Are consistent with the design principles which predominate among the existing building and structures within the zone and the surrounding area, including residential, and</p> <p>(b) Will consider the impact on the desirability of the immediate and surrounding area including residential</p> <p>Design principles to be addressed include, but are not limited to, the suitability of design and type of the proposed construction, including mass, height and line to be used in relation to the immediate</p>	<p>approval for new construction and/or renovation within the RSDD zone must demonstrate to the satisfaction of the Planning Board that building and site designs:</p> <p>(a) Are consistent with the design principles which predominate among the existing building and structures within the zone and the surrounding area, including residential, and</p> <p>(b) Will consider the impact on the desirability of the immediate and surrounding area including residential</p> <p>Design principles to be addressed include,</p>	<p>new construction and/or renovation within the RSDD zone must demonstrate to the satisfaction of the Planning Board that building and site designs:</p> <p>(a) Are consistent with the design principles which predominate among the existing building and structures within the zone and the surrounding area, including residential, and</p> <p>(b) Will consider the impact on the desirability of the immediate and surrounding area including residential</p> <p>Design principles to be addressed include, but are not limited to, the suitability of design and type of the proposed construction, including mass, height</p>	<p>Architectural design is encouraged to respond to local history, topography and climate, as well as vernacular building practice</p>	<p>Architectural design is encouraged to respond to local history, topography and climate, as well as vernacular building practice</p>
