18. Adjournment

This Meeting is being recorded and live-streamed. The Recording will be broadcast live and will be posted to the Town Website at www.townofmanlius.org

5. Lease – Abundant Solar – Town Landfill 5701 Bowman Rd.

Attorney Frateschi reviewed the lease with Abundant Solar for the town owned parcel at 5701 Bowman Road which served as the Town Landfill.

Attorney Frateschi stated the lease has been amended to add PILOT payments back in addition to the lease payments.

Attorney Frateschi stated that Abundant Solar is not willing to make payments at the commencement of the lease. Attorney Frateschi stated that the current lease states that the project must be completed within 4 years and he recommends reducing that to 3 years. Attorney Frateschi stated that there are milestones within the lease that Abundant Solar must meet, or the Town can end the lease.

Melissa Clark, Abundant Solar, discussed the milestone plan that is included in the lease. Ms. Clark discussed the process and procedure to construct a solar array on a leased site and connecting existing utilities. Ms. Clark discussed the financing for the proposed solar array.

Councilor Kriesel reviewed the concerns and questions that have been discussed throughout the negotiation of the lease. Councilor Kriesel stated that she likes the milestones that are built into this lease and that it is not in the best interest to have the landfilled leased for an extended period of time without lease payments being made.

Discussion ensued regarding the speed at which community solar projects are built vs. other solar projects.

Supervisor Theobald stated that he has spoken with other municipalities who have received a small rental stipend from a different solar company for leased land prior to the solar array being built. Ms. Clark stated that those agreements may have been signed when subsidies were higher. Ms. Clark stated that the company is highly motivated to get projects shovel-ready but cannot occur any additional costs.

Supervisor Theobald stated that after reviewing other offers from other companies, this does appear to be the best lease offer for the Town.

Supervisor Theobald asked for a commitment to a 3-year lease. Ms. Clark stated that there are milestones built into the contract but there are too many factors that can go wrong in the development period. Ms. Clark stated that it is also reliant on what kind of the timeline the utility company provides.

Councilor Kriesel discussed the Town of DeWitt solar array project and how the energy is used. Councilor Kriesel stated that the Town of Manlius will sign a power purchase agreement with Abundant Solar and community members in the Town of Manlius will have the opportunity to do so as well.

Councilor Green stated that there are not a lot of specifics regarding access and easements and she would like to see more terminology that it is mutually agreed upon and not just in the hands of the tenant. Councilor Green asked if the community solar project would inhibit the required monitoring of the landfill.

Ms. Clark outlined the process that would take place in order to safely build on the landfill and how the landfill monitoring would continue to take place. Ms. Clark discussed how the security of the closed cap would be maintained on the landfill and how the weight of the solar array would be evenly distributed.

WHEREAS, following a Public Hearing duly called and held on November 13, 2019, the Town Board duly authorized an Agreement with the Village upon the terms and provisions

herein set forth; and

WHEREAS, this Agreement has been duly authorized by the Village Board; and

NOW THEREFORE, in consideration of the payments herein agreed to be paid by the Town to the Village, the mutual covenants herein contained, and other good and valuable consideration, the parties hereto agree as follows:

1. The Village shall furnish fire protection and emergency ambulance service within the District during the term of this Agreement in the manner following, to wit:

(a) The Fire Department shall at all times during the period of this Agreement be subject to calls for attendance upon any fire occurring in said District, and when notified of a fire within the District, such Fire Department shall respond and attend upon the fire, without delay, with suitable equipment, including, but not limited to, suitable ladders, pumping and hose apparatus, and upon arriving at the scene of the fire, the firemen of the Village attending shall proceed diligently and in every way reasonably suggested to extinguish the fire and to save the life and property in connection herewith; and

(b) The Ambulance Service shall provide at all times during the period of this Agreement emergency ambulance service in said District as that term is described in Section 122-b of the General Municipal Law of the State of New York.

2. The Village shall be responsible for any loss or damage whatever which shall be sustained to the fire or emergency ambulance service apparatus of said Village in answering, attending upon, or returning from a call for assistance in said District under the terms of this Agreement, whether sustained in the District or outside thereof, and irrespective of the cost thereof.

3. On or before February 15, 2021, the Town shall pay to the Village a total sum

of \$1,381,757.74 to be levied and assessed against the real taxable property in said District liable to assessment for such purpose and to be collected with Town taxes. The Village hereby agrees to accept the said sum in full payment for furnishing aid and the use of its fire or emergency ambulance service apparatus and for performing all of the things on its part to be performed by the terms hereof during the period of this Agreement as hereinafter set forth. In support of the sum paid, the Village will provide the Town a statement detailing the revenues, operating expenses and capital expenditures budgeted for fire and emergency ambulance service. Revenues budgeted will be based on actual revenues collected as presented in the AUD Report submitted by the Village to NYS for its prior fiscal year. The Village will meet periodically with Town representatives to discuss fire and emergency ambulance service and present their budget and related operating activities to the Town Board at a Public Hearing.

4. The Town acknowledges and consents that the Village shall charge, bill and collect fees to persons using the Ambulance Service within the District under this Agreement, all of which shall be applied to determine the Town's payment described in Section 3.

5. It is agreed and understood by the parties hereto, however, that \$5,000,000 shall serve as a measure of the maximum amount for which the Village shall be liable hereunder. Failure of any such policy to cover a loss for which the Village is otherwise responsible hereunder, however, shall not relieve the Village from responsibility therefore. The Town's right to indemnification pursuant to this provision is in addition to all of its common law rights and any other rights of any name or nature whatsoever and shall not constitute an election of remedies. In addition, the obtaining of any liability insurance coverage by any party hereto for the purpose of protecting its interests in relation to the subject of this Agreement, or otherwise, shall not constitute an election of remedies.

7. Members of the Fire Department and the Ambulance Service, while engaged in the performance of their duties in answering, attending upon, or returning from any call provided

for by this Agreement, shall have the same rights, privileges and immunities as if performing the same in the Village.

NOW, THEREFORE, in consideration of the payment herein agreed to be paid by the Town to the Village and the Minoa Fire Department, Inc. the mutual covenants herein contained, and other good and valuable consideration, the parties hereto agree as follows:

1. The Village shall furnish fire protection and emergency ambulance service to the District during the term of this Agreement in the manner following, to wit:

(a) The Fire Department shall at all times during the period of this Agreement be subject to call for attendance upon any fire occurring in said District, and when notified of a fire within the District, such Fire Department shall respond and attend upon the fire, without delay, with suitable equipment, including, but not limited to, suitable ladders, pumping and hose apparatus, and upon arriving at the scene of the fire, the firemen of the Village attending shall proceed diligently and in every way reasonably suggested to extinguish the fire and to save life and property in connection therewith; and

(b) The Minoa Ambulance shall provide at all times during the period of this Agreement emergency ambulance service in said District as that term is described in Section 122-b of the General Municipal Law of the State of New York.

2. The Village shall be responsible for any loss or damage whatever which shall be sustained to the fire or emergency ambulance service apparatus of said Village in answering, attending upon, or returning from a call for assistance in the said District under the terms of this Agreement, whether sustained in the District or outside thereof, and irrespective of the cost thereof.

3. On or before February 15, 2021, the Town shall pay a total sum of \$875,485, via payments of \$833,713 to the Village and \$41,773 to the Minoa Fire Department, Inc., pursuant to Section 209-d of the General Municipal Law, such total sum to be levied and assessed against

the real taxable property in said District liable to assessment for such purpose and to be collected with Town taxes. The Village and Minoa Fire Department, Inc. hereby agrees to accept the said sums in full payment for furnishing aid and the use of its fire or emergency ambulance service apparatus and for performing all of the things on its part to be performed by the terms hereof during the period of this Agreement as hereinafter set forth. In support of the sum paid, the Village will provide the Town a statement detailing the revenues, operating expenses and capital expenditures budgeted for fire and emergency ambulance service. Revenues budgeted will be based on actual revenues collected as presented in the AUD Report submitted by the Village to NYS for its prior fiscal year. The Village will meet periodically with Town representatives to discuss fire and emergency ambulance service and present their budget and related operating activities to the Town Board at a Public Hearing.

4. The Town acknowledges and consents that the Village shall charge, bill and collect fees to persons using the emergency ambulance service within the District under this Agreement, all of which shall be applied to determine the Town's payment described in Section 3.

It is agreed and understood by the parties hereto, however, that \$5,000,000 shall serve as a measure of the maximum amount for which the Village shall be liable hereunder. Failure of any such policy to cover a loss for which the Village is otherwise responsible hereunder, however, shall not relieve the Village from responsibility therefore. The Town's right to indemnification pursuant to this provision is in addition to all of its common law rights and any other rights of any name or nature whatsoever and shall not constitute an election of remedies. In addition, the obtaining of any liability insurance coverage by any party hereto for the purpose of protecting its interests in relation to the subject of this Agreement, or otherwise, shall not constitute an election of remedies.

7. Members of the Fire Department, Inc., Minoa Ambulance, and Minoa Fire Department, Inc. while engaged in the performance of their duties in answering, attending upon or returning from any call provided for by this Agreement, shall have the same rights, privileges and immunities as if performing the same in the Village.

8. This Agreement shall be for the calendar year 2021 commencing January 1, 2021 and remaining in effect through December 31, 2021.

SCOPE OF SERVICES AND PROJECT APPROACH

Program tasks are proposed under three project components: CNY Stormwater Coalition Staff Support; Public Education and Outreach; and Direct Municipal Assistance.

I: CNY STORMWATER COALITION STAFF SUPPORT

Tasks proposed under this project component are designed to advance and sustain the CNY Stormwater Coalition (the Coalition), currently consisting of 30 regulated Municipal Separate Storm Sewer System (MS4) owner/operators identified in Attachment A of this proposal. The Coalition was formally established on January 1, 2011.

Task I.1. Purchase annual Zoom Pro license, video camera and microphone to support remote meetings and training programs – These purchases will ensure capacity to hold interactive, remote meetings, presentations and trainings in compliance with social distancing requirements and the potential for prolonged restrictions on large group gatherings. Remote learning and meetings will reduce the overall time needed to attend such “events” while providing opportunities for increased attendance.

Task I.2 Staffing Support for the CNY Stormwater Coalition, Executive Committee and Working Committees Deemed Necessary to Advance the Coalition’s Objectives – CNY RPDB will provide direct staff support needed to plan and conduct four (4) scheduled meetings of the CNY Stormwater Coalition, four (4) scheduled meetings of the CNY Stormwater Coalition Executive Committee, and Coalition working committees as needed to advance and sustain a fully functioning Coalition. All meetings will be held via Zoom. Upon the lifting of all COVID-19 related in-person meeting restrictions, members will have the option to meet in-person or continue meeting via Zoom. Staff support for all scheduled meetings includes meeting preparation and agenda development, speaker recruitment, training programs, venue selection as appropriate, preparation and distribution of meeting minutes and completion of all identified meeting follow up tasks. CNY RPDB will monitor public and private grant opportunities, respond to appropriate Requests for Proposals, and oversee implementation of any grant funded projects and/or programs.

Task I.3. Communications – CNY RPDB will coordinate all internal and external communications and serve as the primary liaison between the Coalition and various regulatory agencies including the NYS DEC and the U.S. EPA. To help ensure Coalition members understand the implications of any modifications or additional requirements that may impact their ability to comply with the NYS Stormwater General Permits (MS4 and Construction), CNY RPDB will monitor and report proposed and enacted changes to the stormwater general permits, including associated compliance, reporting, and inspection requirements. CNY RPDB will compile feedback and inquiries from Coalition members, and coordinate and prepare unified responses to new and evolving regulatory requirements on behalf of the Coalition to appropriate regulatory agencies as warranted. CNY RPDB will prepare training and informational updates for Coalition members to support regulatory compliance with the next version of the MS4 General Stormwater Permit upon its effective date. CNY RPDB will engage other statewide stormwater coalitions and other non-regulatory partners involved in all aspects of stormwater management in order to identify and initiate compliance opportunities that support the objectives of the Coalition.

Task I.4. Annual and Semi-Annual Reporting - CNY RPDB will document all education, training and outreach compliance activities conducted on behalf of the Coalition and complete the Minimum Control Measure 1. Public Education and Outreach section of the MS4 annual report in compliance with MS4 annual reporting requirements, and semi-annual reporting requirements for MS4s in the Onondaga Lake watershed, as specified in the most current NY SPDES General Permit for Stormwater Discharges from

Municipal Separate Storm Sewer Systems (MS4s). CNY RPDB will deliver the MCM 1 section to participating MS4s for inclusion in their individual annual and semi-annual reports. CNY RPDB will respond to any public comments received relative to the documented education and outreach services. In the event that NYS DEC enacts a new MS4 Annual Report format during the 2021 program year, CNY RPDB will provide information and assistance as needed to transition into the new format.

Task I.5. Financial Administration and Reporting – CNY RPDB will coordinate and administer all contracted activities funded as part of this Scope of Services through December 31, 2021, including quarterly financial reporting, bookkeeping and accounting, documentation of local match (if necessary to support Coalition approved grant funded programs), subcontracting (if deemed necessary and approved by the Coalition), and solicitations (if deemed necessary and approved by the Coalition). Progress reports and financial reporting will be made available to the Executive Committee of the Coalition on a quarterly basis.

II: PUBLIC EDUCATION AND OUTREACH

Tasks proposed under this program component comply with the public education and outreach requirements defined in the current New York SPDES General Permit for Stormwater Discharges from MS4s and are targeted primarily toward the general public with a secondary focus on construction contractors and municipal officials.

Task II.1 Stormwater Public Survey – CNY RPDB will, in response to the 2020 online survey, plan and implement changes to the public education program content. This will include developing new topical information, enhanced electronic outreach and use of social media, among other needs relative to COVID-19 restrictions.

Task II.2 Expand Online and Print Media Outreach – CNY RPDB will utilize paid post options to expand the reach of a refocused social media presence on Facebook. Boosted (paid) content has been shown to be one of the most cost-effective methods of reaching large segments of the public. CNY RPDB will prepare weekly informational content and track responses. Other social media accounts will be developed or expanded including options such as, but not limited to LinkedIn and Twitter.

CNY RPDB will identify and establish contacts at local print newspapers. CNY RPDB will promote the CNY Stormwater Coalition and provide stormwater management content for publication. Small community newspapers provide a means for engaging community minded individuals in stormwater management while improving recognition and support for the CNY Stormwater Coalition

Task II.3. Maintain Regional Stormwater Website – CNY RPDB will maintain and promote the CNY Stormwater website. CNY RPDB will compile new and existing information, guidance materials and permit updates for reference and use by regulated MS4s in the SUA. CNY RPDB will provide informational items developed as part of the year-13 education program directly to participating MS4s for inclusion on municipal websites at their discretion.

Task II.4 Syracuse Post Standard Stormwater Insert – CNY RPDB will publish a stormwater informational insert in the Syracuse Post Standard daily edition (1-edition). The pullout will focus on stormwater processes, impacts, issues of concerns, SUA primary pollutants of concern, and citizen generated solutions. CNY RPDB will work with the Post Standard to format the publication for enhanced readability in the online edition. The pullout will be published in the spring of 2021 and will reach approximately 144,000 individuals across the CNY region.

Task I.5 Electronic Stormwater Newsletter - CNY RPDB will distribute a quarterly stormwater newsletter for the general public. The seasonally themed electronic newsletter maintains a focus on primary pollutants of concern in the SUA, stormwater processes, and offers advice for reducing negative water quality impacts through simple actions. The newsletter will encourage participation in locally sponsored events that support stormwater management and protection efforts. CNY RPDB will conduct direct outreach in support of building the distribution list with existing organizations, groups and users of social media.

Task II.6 Direct Outreach to Targeted Stakeholder Groups – CNY RPDB will provide direct information on topics of interest to a minimum of 3 targeted stakeholder groups. Information will be designed to address the specific functions and stormwater concerns relative to each group. Materials will be delivered electronically and/or in hard copy as most appropriate.

III. DIRECT MUNICIPAL ASSISTANCE

This program component addresses the education and training requirements and planning needs for municipal officials and staff.

Task III.1. Municipal Training - CNY RPDB will broadcast live and pre-recorded trainings for municipal staff and elected officials on a variety of topics utilizing the Coalition funded Zoom license and A/V equipment. Trainings will include live workshops, webinars and presentations as well as archived webinars and streamed presentations. As part of this task, CNY RPDB will renew a paid annual membership with the Center for Watershed Protection. Topics will be selected to address current training and informational needs as determined through discussions with NYS Department of Environmental Conservation and the CNY Stormwater Coalition. Workshops will be designed to improve compliance with the MS4 Stormwater General Permit.

Task III.2. Online System Map – CNY RPDB will compile new and existing data and information needed to expand the storm sewer system mapping effort. This may include additional field data collection and data post-processing, digitizing existing paper maps, and/or other tasks as needed to advance efforts to build a full, regional system map. CNY RPDB will perform ongoing maintenance of the online map platform as needed. CNY RPDB will provide assistance to member municipalities to support additional data collection efforts.

SECTION 1 INTRODUCTION

This proposal for staff and education assistance services in support of sustaining the CNY Stormwater Coalition is submitted to the Chief Elected Officials from the Automatically Designated MS4 Communities in the Syracuse Urban Area (SUA). The proposed tasks address staffing and financial administrative services, as well as education and outreach requirements of Minimum Control Measure 1 of the NYS General Permit for Stormwater Discharges from Municipal Separate Storm Sewer Systems (MS4s) (GP-0-15-003). The timeline for the proposed program is January 1, 2021 – December 31, 2021.

In support of the CNY Stormwater Coalition, the following services are proposed:

- Staffing support services for meetings of the CNY Stormwater Coalition, the Coalition Executive Committee and any working committees established by the Executive Committee
- Internal and external communications
- Financial administration
- Minimum Control Measure 1 Annual and Semi-Annual reporting
- Quarterly progress and financial reporting

In support of MS4 education and outreach requirements, the following services are proposed:

- Public education and outreach
- Staff support services
- Direct municipal assistance

Project Objective and Benefits

The CNY RPDB's primary objective is to provide regulated communities with an efficient and cost-effective means for meeting the requirements of the SPDES Phase II MS4 Stormwater General Permit by ensuring that the CNY Stormwater Coalition continues to function as a unified body, has access to information and responds appropriately to changes in the NYS Stormwater regulatory program including revisions to both the Stormwater MS4 and Construction General Permits. Given the regional nature of the Syracuse Urbanized Area (SUA), a unified approach to stormwater compliance is extremely valuable. Regionally implemented programs reduce municipal staff burdens, ensure consistency, and provide the most efficient use of limited municipal funds by distributing total program cost over a number of entities.

In response to COVID-19, the 2021 work plan has been modified to include online meeting and training options, an expanded social media outreach program, and an expanded effort to obtain foundation and other non-state grants to offset MS4 compliance costs.

The U.S. Environmental Protection Agency (EPA) and NYS DEC recognize the economic and environmental benefits of regional compliance efforts and have long promoted such programs as the most efficient and effective way address Stormwater Phase II requirements. Both NYS DEC and EPA view intermunicipal support and participation in regionally coordinated coalitions as a criterion for funding and a prerequisite for engaging in joint compliance opportunities.

SECTION 2 SCOPE OF SERVICES AND PROJECT APPROACH

Program tasks are proposed under three project components: CNY Stormwater Coalition Staff Support; Public Education and Outreach; and Direct Municipal Assistance.

I: CNY STORMWATER COALITION STAFF SUPPORT

Tasks proposed under this project component are designed to advance and sustain the CNY Stormwater Coalition (the Coalition), currently consisting of 30 regulated Municipal Separate Storm Sewer System (MS4) owner/operators identified in Attachment A of this proposal. The Coalition was formally established on January 1, 2011.

Task I.1. Purchase annual Zoom Pro license, video camera and microphone to support remote meetings and training programs – These purchases will ensure capacity to hold interactive, remote meetings, presentations and trainings in compliance with social distancing requirements and the potential for prolonged restrictions on large group gatherings. Remote learning and meetings will reduce the overall time needed to attend such “events” while providing opportunities for increased attendance.

Task I.2 Staffing Support for the CNY Stormwater Coalition, Executive Committee and Working Committees Deemed Necessary to Advance the Coalition’s Objectives – CNY RPDB will provide direct staff support needed to plan and conduct four (4) scheduled meetings of the CNY Stormwater Coalition, four (4) scheduled meetings of the CNY Stormwater Coalition Executive Committee, and Coalition working committees as needed to advance and sustain a fully functioning Coalition. All meetings will be held via Zoom. Upon the lifting of all COVID-19 related in-person meeting restrictions, members will have the option to meet in-person or continue meeting via Zoom. Staff support for all scheduled meetings includes meeting preparation and agenda development, speaker recruitment, training programs, venue selection as appropriate, preparation and distribution of meeting minutes and completion of all identified meeting follow up tasks. CNY RPDB will monitor public and private grant opportunities, respond to appropriate Requests for Proposals, and oversee implementation of any grant funded projects and/or programs.

Task I.3. Communications – CNY RPDB will coordinate all internal and external communications and serve as the primary liaison between the Coalition and various regulatory agencies including the NYS DEC and the U.S. EPA. To help ensure Coalition members understand the implications of any modifications or additional requirements that may impact their ability to comply with the NYS Stormwater General Permits (MS4 and Construction), CNY RPDB will monitor and report proposed and enacted changes to the stormwater general permits, including associated compliance, reporting, and inspection requirements. CNY RPDB will compile feedback and inquiries from Coalition members, and coordinate and prepare unified responses to new and evolving regulatory requirements on behalf of the Coalition to appropriate regulatory agencies as warranted. CNY RPDB will prepare training and informational updates for Coalition members to support regulatory compliance with the next version of the MS4 General Stormwater Permit upon its effective date. CNY RPDB will engage other statewide stormwater coalitions and other non-regulatory partners involved in all aspects of stormwater management in order to identify and initiate compliance opportunities that support the objectives of the Coalition.

Task I.4. Annual and Semi-Annual Reporting - CNY RPDB will document all education, training and outreach compliance activities conducted on behalf of the Coalition and complete the Minimum Control Measure 1. Public Education and Outreach section of the MS4 annual report in compliance with MS4 annual reporting requirements, and semi-annual reporting requirements for MS4s in the Onondaga Lake

Task II.1 Stormwater Public Survey – CNY RPDB will, in response to the 2020 online survey, plan and implement changes to the public education program content. This will include developing new topical information, enhanced electronic outreach and use of social media, among other needs relative to COVID-19 restrictions.

Other social media accounts will be developed or expanded including options such as, but not limited to LinkedIn and Twitter.

CNY RPDB will identify and establish contacts at local print newspapers. CNY RPDB will promote the CNY Stormwater Coalition and provide stormwater management content for publication. Small community newspapers provide a means for engaging community minded individuals in stormwater management while improving recognition and support for the CNY Stormwater Coalition

Task II.3. Maintain Regional Stormwater Website – CNY RPDB will maintain and promote the CNY Stormwater website. CNY RPDB will compile new and existing information, guidance materials and permit updates for reference and use by regulated MS4s in the SUA. CNY RPDB will provide informational items developed as part of the year-13 education program directly to participating MS4s for inclusion on municipal websites at their discretion.

Task II.4 Syracuse Post Standard Stormwater Insert – CNY RPDB will publish a stormwater informational insert in the Syracuse Post Standard daily edition (1-edition). The pullout will focus on stormwater processes, impacts, issues of concerns, SUA primary pollutants of concern, and citizen generated solutions. CNY RPDB will work with the Post Standard to format the publication for enhanced readability in the online edition. The pullout will be published in the spring of 2021 and will reach approximately 144,000 individuals across the CNY region.

Task I.5 Electronic Stormwater Newsletter - CNY RPDB will distribute a quarterly stormwater newsletter for the general public. Trainings will include live workshops, webinars and presentations as well as archived webinars and streamed presentations. As part of this task, CNY RPDB will renew a paid annual membership with the Center for Watershed Protection. Topics will be selected to address current training and informational needs as determined through discussions with NYS Department of Environmental Conservation and the CNY Stormwater Coalition. Workshops will be designed to improve compliance with the MS4 Stormwater General Permit.

Task III.2. Online System Map – CNY RPDB will compile new and existing data and information needed to expand the storm sewer system mapping effort. This may include additional field data collection and data post-processing, digitizing existing paper maps, and/or other tasks as needed to advance efforts to build a full, regional system map. CNY RPDB will perform ongoing maintenance of the online map platform as needed. CNY RPDB will provide assistance to member municipalities to support additional data collection efforts.

SECTION 3 PROGRAM FEE

The services described in this proposal will be conducted for a total fee not to exceed \$108,000 (\$3,600 per Coalition member). This fee will remain constant for each participating Coalition member regardless of the number of participating municipal members. CNY RPDB reserves the right to amend this scope of work should the number of municipalities returning resolutions to participate fall significantly below the current 30-member level. In this event, all committed members will have the opportunity to review the amended scope and withdraw their commitment to participate in the 2021 program.

To participate in the proposed program, MS4s are required to adopt and return a municipal resolution (sample provided) no later than November 1, 2020 to CNY RPDB. CNY RPDB will issue a single invoice for the full program year on December 1, 2020. Full payment will be due to CNY RPDB no later than January 31, 2021.
