**Area variances related to residential subdivision development is considered commercial for purposes of legal review; residential limited to 1-3 family dwelling.

***Deposits to offset review expenses for Town Board, Planning Board and Zoning Board of Appeals applications are collected and placed in a separate escrow account at the time of application to the board(s). Any balance is returned to the applicant at the completion of the project or, if more funds are needed, a written request will be made. PLEASE CONTACT THE PLANNING AND DEVELOPMENT OFFICE TO CONFIRM THE AMOUNT OF THE ESCROW DEPOSIT TO BE SUBMITTED IN A SEPARATE CHECK MADE PAYABLE TO THE TOWN OF MANLIUS.

The intent of Chapter 96 of the Town of Manlius Code entitled "Professional Fees, Payment and Reimbursement in Relation to Certain Zoning, Planning & Development, and Enforcement Violation Matters," and this fee schedule is to allow the Town to recover those engineering, legal and other professional consultants' expenses incurred in connection with review of an application so long as reasonably necessary to accomplish the regulatory program. To ensure that the fees charged in any individual case are not so high or extensive as to discourage individuals from seeking relief or to impair a citizen's right to have access to a government function, it has been determined that such deposit amounts represent substantially less than the average costs for applications of that type and further imposes a ceiling, represented by a not to exceed 200 percent of the deposit required. Professional fees are incurred by the Town and as such are charged at the professionals (reduced) hourly rates charged to the Town. Payment by an applicant of fees to cover such expenses as a condition of continuance of proceedings or of approval may be made under protest or with rights reserved and would not estop the applicant later from seeking a refund for payment of excess fees.

**** Security for Highway development. Amount to be determined by the Highway Superintendent and the Town Engineer based on current construction costs.
